

## GLIDING WINDOWS

Andersen® 200 Series gliding windows feature a single operating sash and are available in our most popular sizes. Providing the advantages of a double-hung window with a more contemporary look, our 200 Series gliding windows come with low-maintenance Perma-Shield® exteriors and real wood or prefinished white interiors. Flexible weatherstripping on all four sides seals drafts out of your home. And, being an Andersen product, they include the added security of our renowned Owner-2-Owner® warranty.

### DURABLE

- Virtually maintenance-free
- Perma-Shield® exteriors never need painting and won't peel, blister, flake or corrode\*
- Frame exterior is protected by a tough vinyl cover that resists dents and repels water and provides long-lasting protection
- Wood sash members are treated with a water-repellent preservative and coated on the exterior with a Flexacron® finish
- The frame members are covered with seamless rigid vinyl cover to eliminate corner joints/welds that adds rigidity and provides an attractive appearance

### ENERGY EFFICIENT

- Weather-resistant construction for greater comfort and energy efficiency
- Weatherstripping is designed to seal out drafts, wind and water
- A variety of Low-E glass options are available to control heating and cooling costs in any climate
- Many 200 Series gliding windows have options that achieve ENERGY STAR® version 6.0 certifications in all 50 states\*\*

### BEAUTIFUL

- Two exterior color options
- Natural pine or white interiors
- Add style with grilles, exterior trim or patterned glass
